Standard Vinyl Lettering

Standard sets of self-adhesive letters, numbers and symbols for use on models, crafts and for many types of identification

Standard Arial font packs

Each pack has an identical amount of letters and numbers on between 1 and 12 sheets depending on the size of character

Just lift the letters from the backing sheet with tweezers or a small knife

Apply to the clean surface using a piece of tape to help alignment

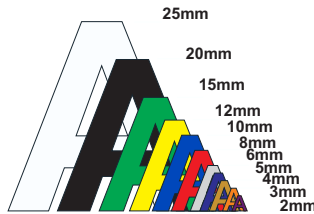

Rub gently into place for a perfect waterproof finish

- Large range of colours & sizes
- Waterproof exterior adhesive
- Economic with 400+ characters per pack
- Easy to lift and apply to all surfaces
- A multitude of uses

Letters are supplied in capitals only in Arial Bold type style. Quantities of symbols vary slightly in different size packs depending on space available. Although not necessary, vinyl can be over coated with all normal varnishes

All Standard lettering packs are available in 11 sizes and 10 solid colours: Black, White, Gold, Silver; Red, Blue, Yellow, Green, Orange and Purple

When ordering quote size, then "Arial" followed by colour i.e. 20mm white lettering = 20 Arial White

Stylised Lettering Packs

Two new fonts for a more formal and informal style of lettering are also available in the colours and sizes shown below.

Fabric Flags

National, Historical, Company and Club flags all redrawn and printed in the finest detail and suitable for both working or static models

Individual Flags

The flags are printed in very fine detail on both sides with the reverse mirrored and supplied with surplus fabric and full instructions to finish for either static or working models

- Fine Fabric base printed on both sides
- Available in over 300 designs
- Complete with full finishing instructions
- Waterproof and fade resistant print
- Large range of standard sizes

Special Shaping Technique

The high resolution inks used for the flags allows the fabric to easily be shaped more realistically and achieve a natural wavy style.

For full details of shaping and a video showing the process, visit the web site at

Flag Size Calculations

All dimensions here refer to Length (Fly) the height will be in correct proportion

It is difficult to calculate the exact size of flag required for any model since in many cases the original craft carried a variety of sizes of flags for different occasions. However, we have attempted to outline here a rough guide to assist in choosing the nearest size of flag to suit your particular model.

Note: RNLI house flags usually measure 3'6" in the fly so use flag two sizes smaller than first column code for scale ie scale 1:16 = code E

Vinyl Flags

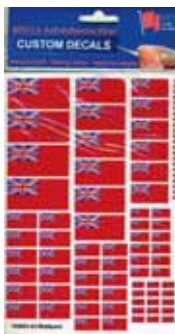

Self-adhesive stickers

A large number of the flag designs are available printed in high resolution onto exterior quality vinyl with a high strength waterproof adhesive

Small Flags

Flag lengths from 5mm up to 50mm are supplied on a single economic sheet ready to trim and apply.

Each pack contains, 5, 10, 15, 20, 25, 30, 40 & 50mm length flags

Larger Flags

Flag lengths from 75mm up to 200mm are supplied in packs of two for each design.

Available in 75, 100, 125, 150, 175 & 200mm length flags
