

Fabric Flags

National, Historical, Company and Club flags all redrawn and printed in the finest detail and suitable for both working or static models

Individual Flags

The flags are printed in very fine detail on both sides with the reverse mirrored and supplied with surplus fabric and full instructions to finish for either static or working models

- Fine Fabric base printed on both sides
- Available in over 300 designs
- Complete with full finishing instructions
- Waterproof and fade resistant print
- Large range of standard sizes

Special Shaping Technique

The high resolution inks used for the flags allows the fabric to easily be shaped more realistically and achieve a natural wavy style.

Flag Size Calculations

All dimensions here refer to Length (Fly) the height will be in correct proportion

It is difficult to calculate the exact size of flag required for any model since in many cases the original craft carried a variety of sizes of flags for different occasions. However, we have attempted to outline here a rough guide to assist in choosing the nearest size of flag to suit your particular model.

Note: RNLI house flags usually measure 3'6" in the fly so use flag two sizes smaller than first column code for scale ie scale 1:16 = code E

Size Code	AAA	AA	A	B	C	D	E	F	G	H
Imperial	3/8"	1/2"	3/4"	1"	1 1/2"	2"	3"	4"	5"	6"
Metric	10mm	15mm	20mm	25mm	38mm	50mm	75mm	100mm	125mm	150mm
